**Subject:** Partial draft of Problem Formulation  
Text for Taylor on FGDG uses-4-11.docx  
FGDG-2016-REF.wpd

Dear Tim and Jason:

I found some time to start working on the Problem Formulation text. This is just a start, but I thought I could share this and see if it is a direction you are seeking. I'll attach my current FGDG-REF file as well. It contains the references I have collected and will use in preparing this text at a level which explains the science of why FGDG is useful for this section.

Rufus
